

CASE STORY

Enjoy all these benefits when you choose a Bernoulli filter

- Simple and ingenious cleaning function
- Low and constant pressure drop
- Low flushing pressure
- Easy installation
- Excellent corrosion resistance
- Robust and reliable

Degerforsens Power Plant, Sweden

Facts and figures

Customer: Degerforsens Power Plant

Location: Graningeverken in Junsele, Sweden

Application: River water for cooling in power plant

Filter model: BSP 100

Filtration: 1,0 mm

Operating flow: 120 m³/h

Operating pressure: 1,2 bar

Design pressure: 10 bar

Year: 1996
